2 dozen fast color blouse waists for 50c each.

Mrs. Beadle is sole agent for this county for W. A. Works' Garment Cutter. This is a rule and square by which any girl 13 years old can learn to cut any garment worn in a family, including gents' coat, vest, shirt and drawers from actual measure; easy to be learned and no difficulty to remember. Every farmer's wife or daughter in the county should learn this, for true economy consists in well-cut, well-fitting garments. Two hours time will enable any one to understand this system.

System and Instruction, only \$5.00.  
Bear in mind that the dress-making department at the Fair guarantees all work, and keeps abreast with all the leading cities in the lateness of styles.

### Central Committee Meeting.

There will be a meeting of the central committee of the People's party of Ford county on Saturday, August 29th, at the court house, at 2 o'clock, p. m. Exceedingly important business will come before the meeting and every member is earnestly urged to be present. Do not fail to attend.  
C. A. MILTON,  
FRED MENDENHALL,  
Secretary.

Let us hope that summer is over.

Conventions are coming fast and furious.

The joints were again raided Wednesday.

The cool weather is a most agreeable change.

W. W. Munsell went east on business Monday.

Miss Lizzie Reilly of Syracuse attended the ball.

There will be a wedding among the upper ten shortly.

The band met Wednesday evening and began practicing.

There is fresh talk of another horse race for \$500 a side.

Oklahoma is an Indian word and means "beautiful country."

Will Hynds has returned from a lengthy stay in Colorado.

There is talk of a petition for a grand jury being circulated.

Mrs. John Sheldon returned from a trip to Wichita this week.

Mrs. E. L. Mendenhall returned from her visit to Iowa Monday.

The band will be a means of enjoyment to everyone. Help it along.

Miss Musa Wolf of Ford City was shopping in the city Wednesday.

FOR SALE CHEAP—Four 4 room houses, with or without lots. Inquire of J. Collar.

FOR SALE CHEAP—Four 4 room houses, with or without lots. Inquire of J. Collar.

Mrs. F. Singer expects to leave shortly for Wichita, where she will reside permanently.

The band has purchased eleven instruments. They will arrive in time for the next meeting.

The watermelon man and the street urchin are engaged in the usual fierce battles this summer.

Those who had a part in Pinfore had their pictures taken in a group by the new photographer.

Miss Lucy Baird and Miss Fitch have accepted positions in the city schools of Albuquerque, N. M.

The city school will open on September 7th. It is time the pupils began looking up slates and books.

Samuel Gallagher and J. H. Swett are among the latest for whom E. D. Swan has obtained positions.

Miss Lillie Truesdale who has been visiting Mrs. Ed. Glasford, returned to her home in Pueblo this week.

A good many old houses are being sold to the farmers, who use the lumber to build bins for their wheat.

J. R. Judd wishes he was running a newspaper just now. The reason is well known to readers of the Democrat.

Henry Manning of Fairview is one of Ford county's best farmers who is feeling happy over a fine crop of small grain.

The old settlers' annual meeting at Pogue's Grove occurred on Wednesday last. Quite a number attended from here.

Miss Nina Sheldon has returned from a lengthy stay in the east, where she has been attending a conservatory of music.

The ladies of the G. I. A. wish to express their thanks to the Brotherhood of Locomotive Engineers, division 232, for framing their charter for them.

Bids are called for to construct a stone wall around the third ward school house, by the school board. This is an improvement that has long been needed.

Prof. Webb returned from Pratt on Thursday noon, where he has been attending the state teachers examination at Pratt. Prof. Ellis has not yet returned.

M. N. Boardman of Fairview presented this office with two big watermelons this week. They are the nicest we have seen grown here and we return thanks for them.

Pop Kelsey opened the L. I. A. to B. of L. E.'s ball the other evening by leading in the opening dance. Pop is lame yet, but when he gets started things go with a boom.

Mayor Gluck was in attendance at the republican club's meeting in Topeka this week. It is said that he was one of the main forces in preventing a prohibition plank in the resolutions.

J. D. Bush has removed his barber shop from the Kelly block to C. M. Beeson's room on Front street. This is one of the best locations in the city. Bath rooms will be added to the shop.

The members of the M. E. church presented their pastor, Rev. Rose, with a donation of \$36, the first of the week. The occasion was the 15th wedding anniversary of Rev. and Mrs. Rose.

John Rickman, whose place lies ten miles south, was in the city Tuesday and in conversation with the Times man said that he would have 2500 bushels of oats. His corn, too, is looking fine.

We notice that quite a number of republicans have been wending their way to the Democrat office this week. Whether or not they prevailed on William to keep still, we are not informed.

BURTS' SHOE AGENCY—Just received, a big line of Burt's fine shoes, and, on account of the immense quantities handled, we will sell them at \$5.00 per pair.

Brother Shinn travels a long way in calling Brother Peter a pole cat, but he finally makes it. Now look out for Brother Peter. We'll bet a shirt button that it won't take him long to call a spade a spade. Sic 'em, boys.

Harry Newfer recently purchased the square house north of the Zimmerman property in the west part of the city and is having it moved to the vacant lots near the residence of Jerry Shaw. Wm. Hessman is doing the moving.

F. W. Coxson has purchased the Opera House restaurant and will continue the business at the old stand. Frank was like a duck out of water, when not feeding the hungry. He is an experienced caterer, and will run a first class place.

The Intermediate Sanitarium Association of Dodge City has been founded for the purpose of operating a health resort, with a capital stock of \$100,000. The directors are Wm. W. Munsell, W. C. Shinn, T. L. McCarty, C. M. Beeson and S. J. Crumbine of Dodge City, and G. G. Gilbert and E. E. Soule of Spearville.

Dr. H. Whitworth of Grand Rapids, Mich., who spent a few weeks in Cimarron, has gone to Dodge City, where he will locate for the practice of his profession. The Doctor is a cultured gentleman and will be a valuable acquisition to Dodge City society.—Cimarron Echo.

J. B. Perry has arrived in the city and offers the people of this town a chance to have their feather beds renovated. Mr. Perry thoroughly understands his business, and in a circular which he issues is found an instructive article on the subject of beds in relation to health. Read it.

J. B. Waring & Son's boot and shoe store and P. H. Young's jewelry store were broken into Monday night. Some shoes were taken from Waring's, but we understand that they have since been returned. Nothing was taken from Young's, but about \$40 in damage resulted from the breaking of the large plate glass.

The Democrats have nominated James T. Whitelaw of Dodge City as their candidate for district judge; but they don't expect to elect him—they will support the Alliance-Democrat candidate. "See if they don't!"—Cimarron Echo.

Who will do the Alliance-Democrat, and do you think he will be elected? Why not do the prophecy farther?

At the close of the normal last week, forty-two persons presented themselves as applicants for teachers' certificates. The examination was unusually difficult and the probabilities are that many will fail. The June and July examinations were much more difficult than usual, so that some counties will have difficulty in getting teachers to fill the schools.

The increase in the acreage of small grain which will be sown in Ford county this year, over that of last year, will be at least 300 per cent. Everyone is imbued with the idea that another successful season will follow this. Many eastern owners of Ford county land are arranging to put out big crops. Immigration will begin this fall, but it will not reach the full tide until next year.

The ladies of the G. I. A. wish to give thanks to Dr. McCarty for so kindly donating the rink for the Calico Ball. Also, to the Brothers of division 232, who assisted us in decorating the hall. Also, to Mr. Rudy for hauling our piano free of charge. To Mr. Hallett for the use of his tables and chairs. And to our many friends who so liberally patronized us and rendered it a grand success, financially.

The Young People's Society of Christian Endeavor meets every Sunday evening at 7 o'clock, at the Presbyterian church. Interesting exercises at each meeting. The friends of this society are anxious to increase the membership, and a cordial invitation is extended to all the young people, as well as the older ones, who feel an interest in the grand cause, to come to these meetings. Subject for Sunday, August 30th: "The parting of the two paths."

Baptist church services August 30th. 10 a. m. Sunday School. 11 a. m. Preaching. Subject: "Conscience."

8 p. m. Preaching. Subject: "Drunkennes."

All are invited to these services. Temperance workers and all those addicted to strong drink are especially invited to the evening service.

P. G. SHANKLIN, Pastor.

To the complainers and daily grumblers of Gardfield, or any other western county, we wish to cite you to a model farm about 7 miles south of Ravenna, where lives a congenial old gentleman and lady who, for pluck, ambition, industry and generosity are second to none. As a proof to the above statement you will find nearly all kinds of the best varieties of vegetables, also gooseberries, plums and peaches. A large crop of growing kafir corn, sorghum and Indian corn decorate the well cultivated soil. This gentleman believes in plowing and the results are realized something for his labor. If you wish to be infused with the same kind of enthusiasm that makes this farm a success, just spare a little time and visit Mr. and Mrs. Solomon DeWeber.—Ravenna Chief.

## Fred Edwards, well known in this city

not only in a business but in a social way as well, died in his home at Larned last week. The deceased is a brother in law of J. H. Hipple of this city and numbers many friends among our citizens here. He was a young man, possessing many lovable qualities. True to his friends and winning the good will of all those who were so fortunate as to win his friendship.

A party of Pennsylvania capitalists were in the city Monday under the guidance of Col. Stacy of Topeka. They have been making a tour of the state, having large investments in different portions of the commonwealth. They attended their admiration for the boundless resources and magnificent opportunities held out to the homeseeker in the Arkansas valley. Dodge was the most western point visited and it elicited the most hearty praise from the party.

The following is the probable program of the Teachers' Institute, to be held next week. The programme, as here given, is subject to revision and change: Monday, Reading and Geography; Tuesday, Language and Writing; Wednesday, Arithmetic and Spelling; Thursday, Drawing and History; Friday, Object Lessons, Manners and Morals, Physiology. The following topics will be discussed at irregular intervals during the week: Physical Culture, School Music Course, School Management and Calisthenics.

That old timer, Nic Mayrath, this week presented us with samples of buckwheat and flax that is a part of this season's crop. Neither of these crops are grown here to any extent, but if every one could do as well with them as Mr. Mayrath has done, every farmer would soon grow them. Mr. Mayrath is one of the leading farmers in western Kansas, not only in regard to the measure of success attained, but in experience, etc. He is regarded as an authority on agricultural matters, and stands high with the state agricultural authorities.

A certain young fellow who was particularly desirous of meeting a young lady, could not screw his courage to the sticking point when the time came. A mutual friend made arrangements for an introduction at the dance, but when the time came, the friend could not persuade the fellow to go through the introduction. The worst of it was the friend had put the other fellow's name down on the young lady's programme for a dance. Threats and entreaties were used, but to no avail, and the friend now swears he'll be blanked if he ever wants anything to do with timid people again.

FROM PLAINS TO PEAK—In the Utes Pass, near Colorado Springs, are several pleasant places to cool off in during the hot summer months. Reasonable hotel, cottage and tent rates. You can go to the top of Pike's Peak on foot, horseback, in a carriage, or via the cog-wheel railway.

Santa Fe Route is the only line that runs Pullman vestibule sleepers to Manitou without charge. Cheap excursion tickets now on sale to principal Colorado resorts and to Las Vegas Hot Springs, New Mexico—the favorite all the year round watering place, where Montezuma Hotel is located.

Inquire of Fred Gardner, local agent, Santa Fe Route.

A VALUATION IN NEW MEXICO—To get the full benefit of mountain air and sunshine, it will amply reward all travelers to extend their Colorado summer trip to that charming resort known as Las Vegas Hot Springs, six miles from Las Vegas, on the A. T. & S. F. R. R.

Here may be found the very choicest of New Mexico air, scenery and sunshine; and a hotel, the Montezuma, that is large, handsome, comfortable and home-like.

The trip to Las Vegas Hot Springs can be made in connection with the Colorado tour, at a small additional expense, by purchasing a round-trip excursion ticket to the Hot Springs that includes a side ride to Pueblo, Colorado Springs or Denver.

Inquire of Fred Gardner, local agent, Santa Fe Route.

MARRIED—At the residence of the bride's parents in this city, August 20th, by Rev. S. E. Buser of the Presbyterian church, Mr. Guy D. Gammon and Miss Louise Berg. Mr. Gammon has been an erator for the Santa Fe during the past nine months, and is favorably known to those with whom he has done business. Miss Berg is the daughter of a successful caterer of this city, and has drawn about her a circle of warm and admiring friends, who wished her the greatest joy and expressed their congratulations by many presents. The wedding supper was most abundant and artistically prepared and served, indicating that a master hand in such spreads had manipulated its details. The serenade by the Glee Club of Dodge was appreciated by the bride and groom and all present, and elicited much hearty applause. It is the opinion of all that the first step in married life has been truly and truly taken by these young friends, and all we can say is "joy and long life."

THE L. I. A. TO B. L. E.'S BALL—The ball given on last Tuesday evening by the Ladies' International Auxiliary to the Brotherhood of Locomotive Engineers was one of the most enjoyable social events that has transpired within recent date. The members of the order used unusual efforts to make it a success and that they thoroughly succeeded, those who attended cannot deny. The attendance was not limited to local patrons but many persons, both from the east and west, attended. It was one of the very largest balls ever held in Dodge City. While the rink, at which place it was held, was not profusely decorated for the occasion, yet what was done in this line showed exquisite taste and was in every way in keeping with the general success of the ball. Beeson's orchestra furnished the music for the occasion, and, as usual, there was nothing but praise for this part of the programme. All those who attended have nothing but the highest praise to bestow on the ladies for their courtesy and efforts to make everyone have a good time. Ice cream was served and a cake containing a gold ring was raffled off. Jas. Luak was the lucky man in this contest. The ring was donated by Mayor Gluck. Altogether the ball was a pleasant and most enjoyable affair and the ladies are to be congratulated on the first ball they have given. May all the following ones be as successful as the wish of the friends of the order.

## HARVEST EXCURSIONS TO TEXAS POINTS.

The following rate, dates of sale, limits, etc., have been authorized for a series of harvest excursions from all points in Kansas to all points in Texas via Purcell, and to El Paso and Deming via La Junta.

Rate: One and one-third fare for the round trip.

Dates of sale, August 25, September 15 and 29.

Limits and stopover privileges: Tickets will be good for 30 days, and stopovers will be allowed south of Arkansas City and La Junta regardless of transit limits on going trip. Continuous passage returning.

Yours, Truly,  
GEO. T. NICHOLSON,  
G. P. & T. A.

THE JUDICIAL CONVENTION—The democratic judicial convention met in Kelly's opera house in this city on last Monday. All the counties in the district were represented. There was no opposition to the nomination of Judge Whitelaw and, consequently, the proceedings were not as interesting as they otherwise would have been. The rules were suspended and Mr. Whitelaw was nominated unanimously. The Judge accepted the honor conferred in a graceful speech, thanking the delegates and defining his position upon the issues of the day. The Dodge men treated the outside delegations in a handsome manner, paying their fare from Garden City here and also paying their hotel bills. They left here with a kindly regard for Dodge hospitality.

Bucklin Items.

Ah, there! New dude in town. It is getting most too dry to plow.

Several young ladies of this vicinity, who have been attending normal, returned last Saturday.

Frank Gresham was limping around quite a bit last week from having a pitch fork run in his knee.

Rock Island is pump engineer for the Dodge.

"Dad" Dempsey and wife left last week for Rice county, where they will visit a short time with friends.

"Uncle" Wilson moved on to his farm this week. Mr. Kivett, having moved to Kiowa, where he has rented a farm.

Rev. Westfall on last Sunday eve gave a talk on what he saw as a missionary in Africa, after which he did one of the duties that befall a Methodist preacher—took up a missionary collection.

EMERSON, JR.

A NEW DEPARTURE—The Santa Fe Route has made a new departure by issuing a combination hotel and railroad ticket, which is good for passage on all regular Colorado Midland trains between Colorado Springs and Woodland Park and allows the holder to stop at the best hotels in Colorado Springs, Manitou, Cascade, Ute Park, Green Mountain Falls, Manitou Park and Woodland Park.

The tourist buys one of these tickets for as many days as he expects to be out, paying therefore a fixed amount. The ticket entitles him to best accommodations at any one or all of the hotels at points mentioned, for length of time he desires to remain, whether for one meal, one day, or longer, and to free use of the railroad line between such points and within limit of ticket.

By this method passengers have the benefit of the lowest weekly or monthly hotel rate, with very cheap railroad fare and can, profitably divide this time among the various resorts.

Tickets are made good for a week or any additional number of days up to thirty, and children are given a reduced rate.

Call on local agent of Santa Fe Route for full information regarding above form of tickets, as well as for rates to Denver, Colorado Springs, Manitou, Pueblo and Las Vegas Hot Springs.

A NEW INDUSTRY.

A reporter for the Topeka Capital recently gathered the following information from J. C. Best, of Jackson county, in relation to utilizing the Mexican soap weed. Mr. Best has experimented with the plant for the past three years and feels very confident that the industry will prove a success. Below we reproduce what the Capital has learned from the experimenter: "His scheme is to utilize the fibers of the Mexican soap plant in the manufacture of rope, sack, and in fact all things that are now made from jute, manilla, sisal and low grades of cotton. Mr. Best has spent three years in company with Mr. G. W. Anderson experimenting with the plant, and they feel confident that coarse cloth and such articles can be made from this fiber much more cheaply than they are at present from other materials. He has made sufficient experiments to assure himself that this plant that is native to the dry plains of New Mexico and Arizona can be successfully grown in Kansas. The western part of the state is particularly adapted to its growth and by cultivation Mr. Best thinks it can be made to grow to twice the height it attains in a wild state. The plant is hardy, no insect so far as known preys on it, and it cannot be killed by frost or drought. The roots are perennial, and at the same time a section of one inch in length will grow and produce a new plant. It can be planted as thick as corn, and will produce 4,000 hills to the acre. Each hill will yield from its sword-shaped leaves, from three and one-half to seven pounds of fiber, and old plants will produce as much as seven pounds. The leaves can be cut after a growth of one year, although the fiber is better and of greater length if allowed to mature. After being cut to the ground the plant can be left and another crop will replace the first, maturing in the same length of time.

Figuring upon the above conservative estimate from 10,000 to 15,000 pounds per acre could be produced which would bring 6 cents per pound raw, realizing from \$600 to \$900 per acre. The amount that could be raised is almost limitless considering the fact that it thrives best upon the most arid plains and with scarcely any moisture."
